

Computing and ICT Curriculum Map 2020/221

Class	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Darwin	Creating Media - Vector Drawing	Creating Media - Video Editing	Data and Information - Flat File Databases	Creating Media - Web Page Creation	Creating Media - 3D Modelling	Computing Systems and Networks - Communication
Curie	Impact of Technology - Collaborating online respectfully	Modelling Data - Spreadsheets	Programming essentials in Scratch 1	Using Media - Gaining support for a cause	Programming essentials in Scratch 2	Networks from semaphores to the Internet
Castner	Impact of Technology - Collaborating online respectfully	Modelling Data - Spreadsheets	Programming essentials in Scratch 1	Using Media - Gaining support for a cause	Programming essentials in Scratch 2	Networks from semaphores to the Internet
Anderson	Representations - from clay to silicone	Mobile App development	Media - Vector Graphics	Introduction to Python Programming	Developing for the Web	Computing Systems

Turing	Representations - from clay to silicone	Mobile App development	Media - Vector Graphics	Introduction to Python Programming	Developing for the Web	Computing Systems
Armstrong	Representations - from clay to silicone	Mobile App development	Media - Vector Graphics	Introduction to Python Programming	Developing for the Web	Computing Systems
Attenborough	Representations - going audiovisual	Python Programming with sequences of data	Python Programming with sequences of data	Physical computing	Data Science	Cyber security
Rowling	Representations - going audiovisual	Python Programming with sequences of data	Python Programming with sequences of data	Physical computing	Data Science	Cyber security
Carson	Presentation Skills Open a presentation	Word Processing	Spreadsheets Working with	Word Processing	Presentation Skills	Spreadsheets Functions

	<p>file</p> <p>Save the presentation to your area</p> <p>Changing Author name</p> <p>Set the default folder</p> <p>Set the default location</p> <p>Copy a slide using two different methods</p> <p>Transition effects</p> <p>Set the slide timings</p> <p>Add notes</p> <p>Insert an Image</p> <p>Adding text</p>	<p>Working with documents</p> <p>Enhancing productivity</p> <p>Enter text</p> <p>Select, edit</p> <p>Text</p> <p>Paragraphs</p> <p>Styles</p> <p>Table creation</p>	<p>spreadsheets</p> <p>Enhancing productivity</p> <p>Insert, select</p> <p>Edit, sort</p> <p>Copy, move, delete</p> <p>rows and columns</p> <p>Worksheets</p> <p>Arithmetic formulas</p>	<p>Table</p> <p>formatting</p> <p>Graphical objects</p> <p>Preparation</p> <p>Outputs</p> <p>Set up</p> <p>Check and print</p>	<p>Set default Username</p> <p>Copy and Pasting a slide</p> <p>Using appropriate Image</p> <p>Changing Author name</p> <p>Changing the speed</p> <p>Set slide timings</p> <p>change advanced slide setting</p> <p>Setting up a table</p> <p>Entering data in a table</p> <p>Inserting row and columns</p> <p>Resizing columns and Rows</p> <p>Deleting rows</p> <p>Alignment setting</p> <p>Lock aspect ratio</p>	<p>Numbers, dates</p> <p>Alignment, border effects</p> <p>Create charts</p> <p>Edit charts</p> <p>Setup</p> <p>Check and print</p>

Nightingale	Presentation Skills	Word Processing	Spreadsheets	Word Processing	Presentation Skills	Spreadsheets
	<p>Open a presentation file</p> <p>Save the presentation to your area</p> <p>Changing Author name</p> <p>Set the default folder</p> <p>Set the default location</p> <p>Copy a slide using two different methods</p> <p>Transition effects</p> <p>Set the slide timings</p> <p>Add notes</p> <p>Insert an Image</p> <p>Adding text</p>	<p>Working with documents</p> <p>Enhancing productivity</p> <p>Enter text</p> <p>Select, edit</p> <p>Text</p> <p>Paragraphs</p> <p>Styles</p> <p>Table creation</p>	<p>Working with spreadsheets</p> <p>Enhancing productivity</p> <p>Insert, select</p> <p>Edit, sort</p> <p>Copy, move, delete rows and columns</p> <p>Worksheets</p> <p>Arithmetic formulas</p>	<p>Table formatting</p> <p>Graphical objects</p> <p>Preparation</p> <p>Outputs</p> <p>Set up</p> <p>Check and print</p>	<p>Set default Username</p> <p>Copy and Pasting a slide</p> <p>Using appropriate Image</p> <p>Changing Author name</p> <p>Changing the speed</p> <p>Set slide timings</p> <p>change advanced slide setting</p> <p>Setting up a table</p> <p>Entering data in a table</p> <p>Inserting row and columns</p> <p>Resizing columns and Rows</p> <p>Deleting rows</p> <p>Alignment setting</p>	<p>Functions</p> <p>Numbers, dates</p> <p>Alignment, border effects</p> <p>Create charts</p> <p>Edit charts</p> <p>Setup</p> <p>Check and print</p>

					Lock aspect ratio	
Dahl	<p>Presentation Skills</p> <p>Open a presentation file</p> <p>Save the presentation to your area</p> <p>Changing Author name</p> <p>Set the default folder</p> <p>Set the default location</p> <p>Copy a slide using two different methods</p> <p>Transition effects</p> <p>Set the slide timings</p> <p>Add notes</p> <p>Insert an Image</p>	<p>Word Processing</p> <p>Working with documents</p> <p>Enhancing productivity</p> <p>Enter text</p> <p>Select, edit</p> <p>Text</p> <p>Paragraphs</p> <p>Styles</p> <p>Table creation</p>	<p>Spreadsheets</p> <p>Working with spreadsheets</p> <p>Enhancing productivity</p> <p>Insert, select</p> <p>Edit, sort</p> <p>Copy, move, delete</p> <p>rows and columns</p> <p>Worksheets</p> <p>Arithmetic formulas</p>	<p>Word Processing</p> <p>Table formatting</p> <p>Graphical objects</p> <p>Preparation</p> <p>Outputs</p> <p>Set up</p> <p>Check and print</p>	<p>Presentation Skills</p> <p>Set default Username</p> <p>Copy and Pasting a slide</p> <p>Using appropriate Image</p> <p>Changing Author name</p> <p>Changing the speed</p> <p>Set slide timings</p> <p>change advanced slide setting</p> <p>Setting up a table</p> <p>Entering data in a table</p> <p>Inserting row and columns</p> <p>Resizing columns and</p>	<p>Spreadsheets</p> <p>Functions</p> <p>Numbers, dates</p> <p>Alignment, border effects</p> <p>Create charts</p> <p>Edit charts</p> <p>Setup</p> <p>Check and print</p>
